

Caring | Compassionate | Compensation

Help us give quality care to those injured on duty: **Join our network**

We offer our claimants the best quality of care when they are injured on duty, helping them through their journey to recovery.

We invite you to be a part of this important journey by partnering with us in our orthotic and prosthetic provider network for those insured by RMA.

What are the benefits?

Just as we take care of our claimants, we also take care of you by offering prioritised benefits to those in our network:

Prompt pre-approval, authorisation and payment for services:

- where liability is accepted and all claim requirements met, pre-approval requests for prosthetic devices within the network will be assessed and finalised within 24 business hours;
- payment will be made within 10 days after submitting your invoice electronically.

What are the requirements?

- Delivering quality service based on an RMA determined tariff and pricing structure. We believe that the tariff amounts are considered reasonable and are set at the maximum payable by RMA. These will be discussed with you in more detail should you be interested in joining the network.

- Pre-approving all orthotic and prosthetic devices, including:
 - submitting a referral letter by the treating medical practitioner; and
 - completing the necessary forms available on our website.

How do I get more information and join?

If you are interested to join our network, you can complete our quick 2-minute survey [here](#).

Please let us know your interest by Thursday, 14 June.

We will be hosting information sessions for all interested prosthetists and orthotists to discuss the network in further detail. Once you have completed the survey, we will be in touch with you to let you know where and when these sessions will be taking place.
