

Caring | Compassionate | Compensation

Reg. No. 1899/000876/06

16 February 2016

Dear valued Healthcare Provider

Rand Mutual Assurance opens its very own custodial and care facility

True to our ethos of *Caring, Compassionate Compensation*, RMA has taken the important step of building a state-of-the-art, 120-bed custodial care facility in the city of Welkom.

We are proud to see our vision of an own-care facility come to fruition, as it will enable us to provide better long-term treatment for our seriously injured pensioners.

The Rand Mutual Care Facility, which will be offering holistic treatment and care, will be differentiated by its homely setting and compassionate, caring environment. We believe that it will make a substantial difference, not only in the level of care our claimants receive, but also to their overall quality of life.

The R63 million facility will officially be launched on 18 April 2016, but will already be open to assist pensioners from late March 2016.

The Rand Mutual Care Facility will offer the following:

- Custodial long-term care for current and future RMA pensioners who are not able to care for themselves;
- Pressure sore management through RMA's preventative medical intervention programme;
- Pro-active interventions to prevent deteriorating health and complications of injury related conditions in RMA claimants and pensioners such as seen with spinal cord injuries (SCI), amputations and head injuries;
- Provision of prosthetics and orthotics;
- Rehabilitation of injured workers;
- Improvement of not only the physical well-being of injured pensioners, but also addressing mental and social aspects of their condition;
- Development and implementation of a holistic programme to improve the lives of the RMA beneficiaries, specifically SCI and amputee patients;
- Identifying and developing entrepreneurial opportunities for patients through training and development to assist with reintegration into society; and
- Home care training for caregivers.
