

Code	Description	Rate
101	First consultation (5-15 min) Eerste konsultasie (5-15 min) Charged once	612.18
108	Followup consultation (15-30 min) · Opmetering konsultasie (15-30 min) May be charged twice only per week.	153.05
109	Followup consultation (30-60 min) · Opmetering konsultasie (30-60 min) May be charged up to four times per week	306.09
201	Observation and screening · Observasie en skandering. May be charged at every treatment session as clinically appropriate	102.03
203	Specific evaluation for a single aspect of dysfunction (Specify which aspect) · Spesifieke evaluasie vir 'n enkele aspek van wanfunksie (Spesifiseer aspek). May be charged once per week as clinically appropriate	76.52
205	Specific evaluation of dysfunction involving one part of the body for a specific functional problem (Specify part and aspects evaluated) · Spesifieke evaluasie van wanfunksie van een gedeelte van die liggaam vir 'n spesifieke funksionele probleem (Spesifiseer gedeelte sowel as aspek geëvalueer) May be charged once per week as clinically appropriate	229.57
207	Specific evaluation for dysfunction involving the whole body (Specify condition and which aspects evaluated) · Spesifieke evaluasie van wanfunksie wat die hele liggaam insluit (spesifiseer toestand en aspekte geëvalueer) May be charged once per three months as clinically appropriate	459.14
209	Specific in depth evaluation of certain functions affecting the total person (Specify the aspects assessed) · Spesifieke in-diepte evaluasie van sekere funksies wat die persoon in geheel affekteer (spesifiseer die aspekte geëvalueer) May be charged once per three months as clinically appropriate	765.23
213	Measurement for designing a static orthosis · Opmetering vir ontwerp 'n Statiese ortose	102.03
215	Measurement for designing a dynamic orthosis · Opmetering vir ontwerp 'n Dinamiese ortose	102.03

Code	Description	Rate
217	Measurement for designing a pressure garment for one limb orthosis · Opmetering vir ontwerp drukkledingstuk vir een ledemaat	102.03
219	Measurement for designing a pressure garment for one hand orthosis · Drukkledingstuk vir een hand	102.03
221	Measurement for designing a pressure garment for the trunk orthosis · Opmetering vir ontwerp drukkledingstuk vir die romp	102.03
223	Measurement for designing a pressure garment for the face (chin strap only) · Opmetering vir ontwerp drukkledingstuk vir die gesig (alleenlik kenriem)	102.03
225	Measurement for designing a pressure garment for the face (full face mask) orthosis · Opmetering vir ontwerp drukkledingstuk vir die gesig (volle gesigmasker)	102.03
301	Group treatment for five (5) or more patients in a task centred activity · Groepbehandeling vir vyf (5) of meer pasiënte in 'n taak-gesentreerde aktiwiteit. Each group session to be specified, may be billed more than once per day	204.06
303	Placement of a patient in an appropriate treatment situation requiring structuring the environment, adapting equipment and positioning the patient. This does not require individual attention for the whole treatment session · Plasing van 'n pasiënt in 'n gepaste behandelingsituasie wat strukturering van die omgewing en aanpassing van toerusting vereis, en stelling van die pasiënt. Hierdie prosedure vereis nie persoonlike aandag vir die hele behandeling nie	204.06
307	Simultaneous treatment of two to four patients, each with specific problems utilising individual activities · Gelyktydige behandeling vir twee tot vier pasiënte, elkeen met spesifieke probleme deur gebruik te maak van individuele aktiwiteite	489.74
309	On level one · Op vlak een (15min)	122.44
311	On level two · Op vlak twee (30 min)	244.87
313	On level three · Op vlak drie (45min)	367.31
315	On level four · Op vlak vier (60 min)	489.74
317	On level five · Op vlak vyf (90 min)	734.62
319	On level six · Op vlak ses (120 min)	979.49

Code	Description	Rate
321	Work evaluation (including a work visit if required) upon request of the treating medical practitioner of a patient not under the treatment of the therapist. A detailed report must be submitted with the referral from the medical practitioner. (Completed upon the request of the treating medical practitioner of a patient. This includes an assessment of the inherent demands of the job and the patient's ability to perform these. A detailed report is not included in this code (charged for under 325), but must be submitted with the referral from the medical practitioner.) · Werkevaluasie (insluitend 'n werksbesoek indien nodig) op versoek van die behandelende geneesheer van 'n pasient nie behandel deur die terapeut nie. 'n Volledige verslag moet ingedien word met die verwysing van die behandelende geneesheer.	816.24
323	Work Visit Evaluating the job tasks by observing while the patient or a colleague in the same role performs the job tasks. May include discussing possible adaptations to the process or the work station and making the necessary recommendations to enable a patient to return to work. Rule: A maximum of two work visits are allowed per patient. However, in extenuating circumstances, further motivation may be made to the CC. · Eenmalige werksbesoek vir 'n pasient reeds onder behandeling van die terapeut	408.12
325	Reports: To be used only when reporting on work assessments and modifier 0012 should be used with this code. To be used when reporting on work evaluations or work visits. Rule: To be used with Modifier 0012 · Verslae: Vir gebruik slegs vir rapportering oor werk evaluasies en wysiger 0012 moet saam met hierdie kode gebruik word.	225.89
